Green Ops, Inc. is a mission driven organization dedicated to community support through cross-organizational collaboration between nonprofit organizations and the sustainable industry.

What we do:

- Green Ops, Inc. is a nonprofit sustainability organization interested in helping the nonprofit sector become more sustainable through its Educational and Sustainable Grant Program.
- Through the use of sustainable education, resources and materials, Green Ops, Inc. works to help other nonprofit organizations LOWER their operational costs. Lowering these costs saves organizations money which they can then put towards their cause, increasing their community support and effectiveness.

How we do it:

- As our nonprofit clients develop and change within our sustainable Educational Program, Green Ops, Inc. continually remains dynamic and diverse through the management of our nonprofit client's need for pertinent sustainable information.
- Our strong level of integrity; when used in conjunction with our community and leading industry expert's knowledge means that we can satisfy the needs of our nonprofit clients as they become more sustainable.

Why?

By promoting and illustrating sustainable changes in operations and maintenance, as well as design and construction, Green Ops, Inc. yields an immediate and measurable impact in the form of energy savings, better indoor air quality and **REDUCED** operating costs.
